

# KENT GYPSUM SUPPLY, INCORPORATED

June 1, 2016

To Our Valued Customers,

On June 1st Kent Gypsum Supply Inc. officially joined forces with Foundation Building Materials (FBM). FBM is a rapidly growing supply company whose core values of Safety, Integrity, Service, and the desire to be the distributor of choice in the markets they serve will strengthen Kent Gypsum's footprint in the Northwest. To find out more about FBM please visit their website at [www.fbmsales.com](http://www.fbmsales.com).

Having served the Northwest for over 40 years, we believe this move is the next best step in our ability to serve you, our customers that we are so thankful for. While the name will eventually change to FBM, the same employees and management team stand ready to service your needs. Our hope and belief as we look to expand our product lines and locations in the Northwest, is that we will be better equipped to serve the whole region. An important factor for us in becoming a part of FBM, is that as they have grown over the country many of the owners and managers have stayed on adding years of experience and knowledge to FBM and strengthening the very principles the company was founded on.

Our core management team, including myself, stand ready to continue to serve your needs. As we integrate into some of FBM's systems our goal is to become stronger for both you our customers and for our employees. If you have any questions you can call any of our team, Greg Erwin, Bonnie Vanderwaal, Harry Stanley, Ben Klein, Kristin Kuhn, Ira Horner, or Matt Klein and we will get the answers you need.

In the coming months we will try to introduce you to many of the FBM team as they spend time in the Northwest integrating systems and programs. We look forward to continuing to serve your drywall and material needs in the future.

Matthew Klein  
Former Owner Kent Gypsum Supply  
General Manager Northwest Region  
Foundation Building Materials
