Dear Valued Customer,

Re: Update on Pending Steel Tariffs and Price Increases

We want to update you on the pending steel tariffs that we understand will take effect on March 12th.

Our team is actively working on strategies to minimize the impact of the 25% tariff and additional steel supply cost increases that we have already absorbed.

As your trusted supplier, we understand you may have questions about pricing, and how these changes will affect your business and the industry. We are committed to keeping you informed as market conditions change.

Currently, pricing is based on the date of shipment and remains subject to change.

Final pricing will be confirmed at the time of shipment.

Please reach out to your sales representative, if you have any questions

Yours truly,

Structa Wire Corp.
