

February 24, 2025

Dear Valued Customer,

We are writing to inform you of an upcoming change in our pricing structure, effective with all orders that ship on or after 03/12/25. Due to a combination of newly announced Section 232 tariffs from the US Government impacting steel products shipping into the USA, creating higher domestic raw material input costs, we find it necessary to implement price increases.

- All Steel Wire Products shipping from Canada & into the USA will be subject to a 25% tariff.
- All K-Lath products will increase 10%-25% depending on item & category.
- All Halsteel & TrueSpec collated nails will increase 25%.
- Any additional tariffs implemented will need to be added accordingly.

We understand the impact of price changes, and we want to assure you that this decision was made after careful consideration. The increase is necessary to continue providing the high-quality service and products you have come to expect from us. We remain committed to maintaining the best value and service possible.

If you have any questions or concerns regarding the upcoming changes, please reach out to your sales representative. We appreciate your business and thank you for your continued support in 2025.

Respectfully,

Dan Buck
Senior Director, Sales & Marketing
Tree Island Steel
